

Acknowledgments

First, I'd like to thank my editors at Norton, Fred McFarland and Aaron Javsicas. Fred got the second edition underway and Aaron stepped in with brisk efficiency to bring it to completion. I'd also like to thank associate managing editor Kim Yi, copy editor Mary Kelly, production manager Roy Tedoff, and editorial assistant Carly Fraser.

I owe a huge debt to the following colleagues, who reviewed some or all of the manuscript for the second edition:

Markus Bussmann, University of Toronto
 Jim Clarke, University of Toronto
 Karen Reid, University of Toronto
 Peter Seebach, moderator of *comp.lang.c.moderated*

Jim and Peter deserve special mention for their detailed reviews, which saved me from a number of embarrassing slips. The reviewers for the first edition, in alphabetical order, were: Susan Anderson-Freed, Manuel E. Bermudez, Lisa J. Brown, Steven C. Cater, Patrick Harrison, Brian Harvey, Henry H. Leitner, Darrell Long, Arthur B. Maccabe, Carolyn Rosner, and Patrick Terry.

I received many useful comments from readers of the first edition; I thank everyone who took the time to write. Students and colleagues at Georgia State University also provided valuable feedback. Ed Bullwinkel and his wife Nancy were kind enough to read much of the manuscript. I'm particularly grateful to my department chair, Yi Pan, who was very supportive of the project.

My wife, Susan Cole, was a pillar of strength as always. Our cats, Dennis, Pounce, and Tex, were also instrumental in the completion of the book. Pounce and Tex were happy to contribute the occasional catfight to help keep me awake while I was working late at night.

Finally, I'd like to acknowledge the late Alan J. Perlis, whose epigrams appear at the beginning of each chapter. I had the privilege of studying briefly under Alan at Yale in the mid-70s. I think he'd be amused at finding his epigrams in a C book.
